

## SECTION TRAVEL (ATTENDANCE) AWARD

The Kansas Chapter presented the first Travel Award. The Vice-Governor has the responsibility for calculating the winner at each Section meeting and the Governor presents the Award. Since its inception, when the award was a plaque, two Chapters have won the Award for their permanent possession. The Houston Chapter was so honored at the Spring 1970 Section meeting and the Golden Triangle Chapter at the Fall 1974 Section meeting. At the fall meeting in 2009, it was decided to convert the award from a plaque to certificate.

The Kansas Chapter, upon presenting the first award, established the rules. They may be revised with the approval of all members of the Section Board of Directors.

### RULES

1. Within one month preceding the section meeting the Vice-Governor will request the exact membership of each Chapter within the Section from the Governor.
2. Determine the number of members from each Chapter in attendance at the Section business meeting by the roll call.
3. Compute the distance from each Chapter's central point (see attached sheet) to the Section meeting site.
4. Multiply each Chapter's number of members in attendance by the distance traveled (result is seat miles). Apply each Chapter's attendance percentage to seat miles. Largest number wins. The Award Certificate is presented to the Chapter at the Business Meeting or Banquet.
5. The Section meeting hostess Chapter is ineligible, but all other Section Chapters are eligible, no matter how many times they have won.

Example of how the formula works Section meeting somewhere around Denver.

N.E. Kansas Chapter - 4 out of 5 (total membership) or 80% travel 500 miles

$$\begin{array}{r} 4 \times 500 = 2,000 \\ \times \quad \quad \quad \underline{80\%} \\ 1,600 \end{array}$$

Kansas Chapter - 10 out of 50 (total membership) or 20% travel 500 miles

$$\begin{array}{r} 10 \times 500 = 5,000 \\ \times \quad \quad \quad \underline{20\%} \\ 1,000 \end{array}$$

### N.E. KANSAS WINS

\*\*\*\*\*

N.E. Kansas Chapter Same as above

Kansas Chapter 15 out of 60 or 25% travel 500 miles

$$\begin{array}{r} 15 \times 500 = 7,500 \\ \times \quad \quad \quad \underline{25\%} \\ 1,875 \end{array}$$

### KANSAS WINS

**DILEMMA:** If percentage alone is figured the larger chapters are penalized. If seat miles are the sole criteria, the smaller chapters are penalized. The above appears to be the fairest formula.

Example of chart form:

CHAPTER	DISTANCE IN MILES	MEMBERS PRESENT	SEAT MILES	TOTAL # CHAPTER MEMBERS	% OF MEMBERS ATTENDING	RESULTS
N.E. KANSAS	500	4	2,000	5	80%	1,600
KANSAS	500	10	5,000	50	20%	800
