South Central Section 99s – Spring 2015

As of mid-May, there are about 715 members in the South Central Section. Of that number, approximately 44 are Life members, 53 are Student Pilot members, and 31 are At-Large members. We have 25 chapters.

Chapter news:

- The *Approach*, the *99 News*, and our Section Facebook are good sources of information for seeing what other chapters and members are doing
- Be sure to post meetings, events, member flying/training milestones, etc. on the Section Facebook page (such as fund-raisers, FAA safety meetings, etc). Some social okay, but be careful.

Remember to use our Section Facebook page as a recruiting tool – SCS 99s. Director Liz Frankowski is the current administrator for the page.

Women in Aviation was in Dallas in March. Fourteen new members were added to the Section. Both our Governor & Vice Governor were present.

Out of 5 AOPA fly-ins planned for 2015, 1 will be in our Section: September 26 at Colorado Springs. The Colorado & Pikes Peak Chapters will be involved.

Remember the *Approach Lite* will be emailed – following the Section meeting - to each member with an email address. This provides highlights from our meeting; watch your email for it. It will also be posted on the SCS website. If you have Chapter members who do not have email or Internet access, this is a great way to connect with them and pass on the information.

Don't forget the quarterly webinars on a wide variety of topics. These can be viewed live via registering or at a later date. Next one is June 15 on the Professional Pilot Leadership Initiative. Patty Herbel of the Fort Worth Chapter will be presenting. More information is available on The 99s' website at www.ninety-nines.org under the "Resource Center" tab.

Be sure to stay in touch with members who are approaching their renewals. They have 2 months following their renewal month before their membership is dropped. "Standby" is 1 month past and "Hold" is 2 months past.

Anything you'd like me or the Board to be aware of in terms of Membership issues?

Respectfully,
